Mission Statement

Our mission is to nurture and cultivate students by amplifying their best qualities and strengthening their weaknesses.

Philosophy

Our philosophy is to teach the student how to look inside themselves to heal their physical, mental and emotional needs. Each student will be mentored by teachers and professionals in their field. Students will be able to have one on one help with ideas and techniques in and out of the classroom. The result of this philosophy will then mold each student to better understand each client, thus making the student an exceptional massage therapist.

Our Story

Southern Utah Academy of Healing Arts is also a wellness center called Southern Utah Wellness Group, and we found a big gap in the massage therapy profession that needs to be filled. An up and coming part of massage therapy is medical massage. Most massage schools are focused on the spa industry. Our school focuses on medical massage to help fill the rising need. The medical industry has Chiropractors, Physical Therapists, Occupational Therapists, and Doctors in need of massage therapists who understand how to complement their practice. Our curriculum has in-depth training of Anatomy and Physiology, injuries, common surgeries, movement therapies to help students understand the needs of the medical community. Although we are medical based, we teach the student to look at the whole person. The whole person is not just the physical part, it includes the emotional and mental aspects to each individual. Teaching students what they need to know to be successful. These aspects are taught in-depth to help understand that every part is connected together and must be acknowledged as the whole individual. The students at Southern Utah Academy of Healing Arts (SUAHA) will be molded in this fashion by working with practicing massage therapists, trained by our Chiropractor on campus, and have other experienced therapists from the medical field. Our school will be one of the first to raise the quality and knowledge of students entering the world of massage. Southern Utah Academy of Healing Arts offers the best training in massage therapy and is staffed with qualified, licensed teachers. The program director and instructor is Tom Clift, LMT.

At SUAHA you will:

- ❖ Learn a medical based massage technique from experienced, licensed massage therapist: such as deep tissue, trigger point therapy and more.
- ❖ Experience the healing power of energy work, where you will learn to free the body of emotional trauma and clear the mind.
- ❖ You will get 850 hours of classroom time, hands on massage training and clinical massage.
- ❖ Build your clientele while you are still learning and have that base to build from when you finish.
- ❖ Not only will you learn the techniques but you will also learn how to market and run your business.

Facilities Description

The school is located at 535 South Main Street, Cedar City, UT 84720. Southern Utah Academy of Healing Arts has a professional atmosphere that leaves people feeling at home. Our massage rooms are private and beautifully decorated, each with their own theme. We provide the massage tables in each of our rooms for our students to use. You will have the benefit of learning from experienced teachers and mentors with lots of hands-on training in our spacious classrooms. You will get experience in a real office setting, with Chiropractors and Massage Therapists currently practicing at Southern Utah Wellness Group to help guide you through your studies.

The Massage Therapy Profession

Program Courses

Our massage school will get you ready for the career of Massage Therapy. When you finish with our program you will be qualified to take the National Certification Exam (NCE) provided by the National Certification Board of Therapeutic Massage and Bodywork (NCBTMB) or the Massage and Bodywork Licensing Exam (MBLEX). The total number of hours required for completion is 850 hours. That includes classroom learning hours, classroom massage practice hours and clinic massage hours. We include job placement assistance where we will help you find a local job through our connections in the community with doctors and local spas. There is no guarantee of placement. Included in the program are the following classes:

Advanced Massage Techniques and Assessments- This is a lecture, demonstration, and hands on course on medically oriented techniques. These techniques will include origin & insertion techniques, trigger point therapy, myofascial technique, movement therapy, and assessment of clients using medical massage therapies. This course is mostly medically oriented but also looks at the body as a whole by combining an understanding of energetic technique to fully assess the client. This class is 76 hours and will be split up into 19 classes.

Anatomy, Physiology and Kinesiology - This is equal to a college level course on how the human body is put together, how it works, and how its movement is affected. This class is 125 hours and will be split up into 31 classes.

Aromatherapy – In this class you will learn about the many uses for essential oils, stones and crystals. Learn how to use these tools to best help your clients. This class is 12 hours and will be split up into 3 classes.

Basic Nutrition – Learn the basics of nutrition. What we take into or don't take into our bodies effects every body system. In this class you will also learn the basics of digestion and what is good and bad for the body. This class is 24 hours and will be split up into 6 classes.

Business - This is a course to teach students business skills to be able to run their own business or be an asset to a place of employment. This class is 28 hours and will be split up into 7 classes.

Cranial Sacral Therapies - Craniosacral work is based on a thorough knowledge of cranial and sacral anatomy and requires sensitivity of touch to enable the practitioner to discern, and then to utilize the cranial wave formation. This class is 36 hours and will be split up into 9 classes.

Energy Essentials – Everything is energy and energy frequencies, these studies will help the body worker to increase their intuition through techniques practiced by many cultures throughout the world. Chakra Balancing, Muscle Testing, Proper Shielding are just a few of the theories that will be explored. The class is 28 hours of in class work split into 7 days.

Ethics for Body Work Professionals – Understanding the difference between Ethical Behavior & Personal Morals is paramount to blending a successful career & satisfying personal relationships. This class will provide an understanding of boundaries, communications & attitudes. This class is 4 hours of in class work & 24 hours of individual workbook study, total 28 hours.

Flow - Continuation of Swedish massage at a deeper level. In this class students will learn to flow from one technique to the next. Giving a 30 and 90 minute protocol in addition to the previously learned 60 minute. This class is 52 hours and will be split up into 13 classes.

Lymph Drainage Massage - The lymphatic system plays an important role in maintaining immunity and circulating hormones. It is a gentle and relaxing massage that is a very different experience to normal therapeutic or deeper tissue massage. This class is 20 hours and will be split up into 5 classes.

Modalities – As a future LMT the more diverse modalities you are acquainted with, the more diverse your clientele can become. This class is 12 hours and will be split up into 3 classes.

Introduction to Medical Terms – This course is designed to give the student an understanding of applied terms used in the medical field. The ability to use suffixes, prefixes and roots will allow the student to feel competent in communicating with other medical professionals and create well written SOAP notes. Proper medical terminology gives the student the ability to understand basic pathology. This class is 8 hours in class, split into 2 classes and 4 hours at home work, a total of 12 hours.

Basic Pathology - The understanding of how different diseases affect the body and what to look for when presented with contagious diseases. This understanding can help with early intervention and treatment. Body workers who are trained in these studies can be a client's first line of defense. This class is 8 hours of in class work and 32 hours of at home work, a total of 48 hours.

Prenatal Massage- A working knowledge of the needs associated with pregnancy, delivery and postpartum care is vital to all body workers, especially the massage therapist. Students will gain a working understanding of the movement, compensations and changes in the woman's body, as well as the anatomy and physiology. This class is 28 hours of in class work split into 7 days.

Traditional Chinese Medicine (TCM) Foundations- Students will learn the basic foundations of Traditional Chinese Theory and Anatomy and how it can be practically applied by practitioners of massage therapeutics. A basic introduction to Eastern massage techniques and self-care techniques will prepare the student for further study into specific Eastern massage practices. This class is 36 hours and will be split into 9 classes.

Reflexology – Many different area of the body can reflect the overall health and workings of the body and students will learn a focused pressure techniques that focus on the feet, hands and ears, based on the premise that these are zones and reflexes on different parts of the body which correspond to and are relative to all parts. glands and organs. This class is 28 hours of in class work split into 7 days.

Sport Massage - The first portion of Sports Massage is designed to introduce students to basic sports massage techniques including: compression, tapotement, and vibration. Students will use these skills to perform pre and post-event massage on athletes or clients. Students also learn to recognize, help prevent, and assist thermal injuries, strains, sprains, and cramps. The second portion of Sports Massage is a course designed to prepare students to treat injuries and areas of chronic over-use resulting in pain and discomfort. The body is divided up into sections such as head and neck, shoulders, low back and sciatic pain. Each area will have an anatomy review and demonstration focusing on the muscles that are most often the cause of pain. Students are then encouraged to use their own knowledge and creativity along with the demonstration to design their own techniques. This class is 40 hours and will be split into 10 classes.

Student Clinic Hours – This will be 150 hours of massaging the public. The student will be practicing the massage techniques that they learned in class.

Swedish Massage - In this course the student will learn the history, theory and techniques of Swedish massage. The five strokes of the Swedish system and the application of these strokes in full body massage will be taught. Other topics will include techniques for draping and body positioning of clients. An overview of the indications and contraindications for Swedish massage, basic hygiene, equipment, lubricants and supplies will be presented. Instructions in body mechanics and self-care techniques will be covered. This class is 52 hours and will be 13 classes.

Test Preparation- It is reasonable that any teacher is going to help the student be prepared for the eventual testing period that is required to obtain a license for body work. The learning experience for the student would be to have a good knowledge base of the types of questions and environment that will be encountered at a testing center. This class will prepare you for the Mblex test. This class is 8 hours in class work, split into 2 classes and 8 hours at home work, with a total of 16 hours.

Thai Yoga Massage – An ancient healing system combining acupressure, Indian Ayurvedic principles, and assisted yoga postures. This class will help the student be able to increase flexibility, blood flow, and overall wellness for the client. This class is 24 hours and will be split into 6 classes.

Universal Precaution – Protecting the client & the professionals is paramount. A knowledge of basic lifesaving skills & the ability to quickly recognize & respond to emergencies are important for everyone, especially body workers. Students will also learn the responsibilities of a body worker of sanitation for the clients and themselves. This class is split up into Swedish, Flow, Ethics, Pathology. CPR certification is required to work on the public and the student will be informed as to where to receive the education for certification.

Teachers & Staff

Tom Clift, LMT –Program Director/Instructor (Anatomy, Advanced)

- Tom graduated from Myotherapy College of Utah in 1999. He has over 20 years of experience in the Massage Therapy profession. Using energy work, injury rehabilitation, and mental awareness, he helped clients understand what is needed to overcome their health issues. Tom has been teaching massage students since 2002. His classes have included: Sports Massage, Swedish, Tuina, Injury Massage, Anatomy & Physiology, Myofascial Release, Trigger Point, and Advanced Massage. In 2010 he opened The Healing Tree

with the dream of bringing alternative and traditional medicine together under one roof. Tom continues to teach to advance the knowledge of massage therapists.

Carleen Hall, LMT, CLC – Instructor (Business, Sports, Reflexology)

– Carleen Hall Graduated from massage school in 2008 from Nevada School of Massage Therapy. Carleen chose to focus on injury and therapeutic massage and was offered a job that moved her to Alaska for 8 years. There she worked with specialized Chiropractors, Physical Therapist, and Doctors to help in post and pre surgeries, breaks and tears in bones and tissues, she also has worked extensively with headaches, migraines, and neck injuries. Carleen realizes that the body has an incredible

ability to heal itself and chooses to assist the body on its way. She also does Crania Sacral work and loves to use energy work into her sessions to help in the healing process. Carleen does mostly deep tissue and some trigger point therapy, but also enjoys giving a Swedish or Lymph massage for a nice relaxing therapeutic session. She enjoys her work and hopes to help every client that comes through the door.

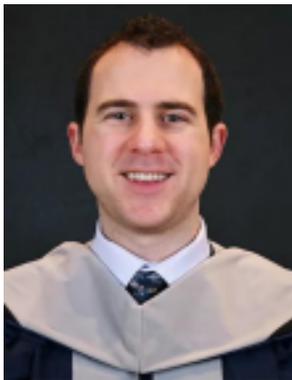

Maranda Tilley, LMT - Instructor (Prenatal, Aromatherapy, Ethics)-

Maranda has been practicing massage therapy since 2018 and apprenticed as a midwife for 4 years before that. Her midwifery studies include a working knowledge of herbs and essential oils for health care and her educational focus has always been on holistic health and healing. Her massage modality specialties include pre and postnatal massage and cranial sacral manipulation. She teaches the prenatal and aromatherapy classes.

Neil Logan, DC – Neil Logan was born August 3, 1953, in San Diego, California where he was raised as the third of eight siblings. He was active in Scouts and church activities. He received his Eagle Scout Award when he was 14 and served a two-year mission for his church in Peru at the age of 19. He has been married for 39 years and is the father of 10 children and is a grandfather of many. Dr. Logan graduated from Grossmont Community College and San Diego State University with honors. He graduated from Cleveland Chiropractic College in Kansas City, Missouri, with honors in 1984. He has received certification in Acupuncture and Thermography. He is also a certified Motor Vehicle Occupant Injury Specialist. He has post graduate education in Whiplash Associated Disorders, Nutrition, Applied Kinesiology, Extremity Adjusting Techniques, Orthotic Training,

and Rehabilitation. He has been a Chiropractic Physician for over 30 years. Dr. Logan is known for his gentle, non-aggressive treatment of his patients. He is skilled at adapting his methods to best meet the needs of each patient. He has extensive experience in treating babies, children, and expectant mothers. He understands the pain and trauma of those who have been in accidents and is dedicated to helping them find relief and the best healing possible.

Jacob Potter, DC, Instructor (Anatomy, Modalities, Nutrition) - From an early age, Dr. Jake Potter felt drawn to holistic healthcare. Chiropractic care in particular resonated with him as he made decisions about what to study at Brigham Young University. Dr. Potter and his wife, Josie, are both from Rexburg Idaho. After finishing with a Bachelors at BYU-Idaho he attended Chiropractic school at Logan University. Dr. Potter now enjoys attending and participating in the many community events and being a source of information for those living in Southern Utah. He practices inside of the Southern Utah Wellness Group and travels to neighboring communities to offer house-call chiropractic care.

Lara Bridges, LMT – Office Manager, Instructor (Lymphatic, Test Preparation)– Lara has a bachelor degree from The University of Idaho and she graduated from our massage program in 2018 and loves being a massage therapist. She is recently licensed to be a Holistic Life coach and is excited to help her clients on a different level. Lara has 3 amazing children. She grew up in sunny San Diego, California. She misses the beach but fell in love with the Utah mountains. She also works as the Office Manager for SUAHA, and Southern Utah Wellness Group, which shares office space with SUAHA. Lara knows the many benefits to massage and chiropractic care and is committed to helping everyone get the best service.

**Cheyenne Logan, LMT - Instructor
(Swedish, Flow, Traditional Chinese
Medicine, Energy)**

Cheyenne Logan was born in San Diego California but has lived in Utah most of her life. Her Mother is a neurolinguistic brain language expert and her Father is a Chiropractor with a certification as an Acupuncturist. Cheyanne loved learning from her parents and eventually began exploring emotional work with her sister Chani. During massage school she took several energy classes which piqued her interest in that aspect of

massage therapy. Over the years she's taken the things she's learned and blended them into her own energy style as well as developing some of her own protocols for her energy work. She loves being able to help people heal in the unique way only energy work provides.

Ingrid Eggett, LMT – Instructor (Cranial Sacral)- Ingrid Eggett has been focused on the healing arts for over 20 years. She specializes in Deep Tissue massage and energy work to help clients improve their overall well-being. She also has a passion for nutritional healing. Ingrid teaches Cranial Sacral class.

- No sleeping during class.

Refund/Cancellation Policy

For applicants who cancel enrollment or students who withdraw from enrollment a fair and equitable settlement will apply. The following policy will apply to all terminations for any reason, by either party, including student decision, course or program cancellation or school closure.

Any monies, except the non-refundable registration fee, due the applicant or students shall be refunded within 90 days of official cancellation or withdrawal. Official cancellation or withdrawal shall occur on the earlier of the dates that:

1. An applicant is not accepted by the school. The applicant shall be entitled to a refund of all money paid.
2. A student (or legal guardian) cancels his/her enrollment in writing within three business days of signing the enrollment agreement. The three-business-day cooling-off period, commencing with the day an enrollment agreement with the applicant is signed or an initial deposit or payment toward tuition and fees of the institution is made, until midnight of the third business day following such date or from the date that the student first visits the institution, whichever is later, shall be applicable and during this time the contract may be rescinded by the student and all money paid refunded.
3. A student cancels his/her enrollment after three business days of signing the contract but prior to submission by the student of any lesson materials or prior to receipt of course materials, whichever comes first, and effective upon deposit of a written statement of withdrawal for delivery by mail or other means, and the institution shall be entitled to retain the \$200 registration fee.
4. A student notifies the institution of his/her withdrawal in writing.
5. A student on an approved leave of absence notifies the school that he/she will not be returning. The date of withdrawal shall be earlier of the date of expiration of the leave of absence or the date the student notifies the institution that the student will not be returning.
6. A student is expelled by the school. (Unofficial withdrawals will be determined by the institution by monitoring attendance at least every 30 days.)
7. In item 2,3,4 or 5, official cancellations or withdrawals, the cancellation date will be determined by the postmark on the written notification, or the date said notification is delivered to the school administrator or owner in person.

For students who enroll and begin classes but withdraw prior to course completion (after three business days of signing the contract), the following schedule of tuition earned by the school applies. All refunds are based on scheduled hours:

Percent of Scheduled Time Total Tuition School Shall Enrolled to Total Course/Program Receive/Retain

0.01% to 4.9%	20%
5% to 9.9%	30%
10% to 14.9%	40%
15% to 24.9%	45%
25% to 49.9%	70%
50% and over	100%

All refunds will be calculated based on the students last date of attendance. Any money, except the registration fee, due a student who withdraws shall be refunded within 90 days of a determination that a student has withdrawn, whether officially or unofficially. In case of disabling illness or injury, death in the student's immediate family or other documented mitigating circumstances, a reasonable and fair refund settlement will be made. If permanently closed or no longer offering instruction after a student has enrolled, the school will provide a pro rata refund of tuition to the student OR provide course completion through a pre-arranged teach out agreement with another institution. If the course is canceled after students have enrolled and instruction has begun, the school shall provide a pro rata refund for all students transferring to another school based on the hours accepted by the receiving school OR provide completion of the course OR participate in a teach out agreement OR provide a full refund of all money paid.

Students who withdraw or terminate prior to course completion are charged a cancellation or administrative fee of \$150. This refund policy applies to tuition and fees charged in the enrollment agreement. Other miscellaneous charges the student may have incurred at the institution (EG: extra kit materials, books, products, unreturned school property, etc.) will be calculated separately at the time of the withdrawal. All fees are identified in the catalog and in this enrollment agreement.

REGISTERED UNDER THE UTAH POSTSECONDARY PROPRIETARY SCHOOL ACT (Title 13, Chapter 34, Utah Code). Registration under the Utah Postsecondary Proprietary School Act does not mean that the State of Utah supervises, recommends, nor accredits the institution.
